

The world does not need another

STUPID

game.

Teach your characters to **THINK** for themselves.

MOTION

FACTORY

The new **MOTIVATE™ Intelligent Digital Actor™ System** lets you create characters that have the intelligence to interact with each other and their environment. Motivate helps you dramatically reduce development time as you design richer, more sophisticated characters for an incredibly realistic 3D gaming experience.

Get motivated at www.motion-factory.com today!
